"2. Although ZIPPER still insists that Paul H. STROBL was dropped in 1950 (they claim that his net was dissolved in May of that year), we suspect that their relations with him might not have been completely severed until May 1951, if then. ZIPPER disclaims any knowledge of intelligence activities on his part after they broke relations with him.

3. If our suspicions are justified it seems probable that Paul H. STROBL is identical with the STROBL mentioned in the reference and that perhaps he was retained for a time by ZIPPER as a talent scout. We did not press this specific issue any further with ZIPPER for reasons indicated in reference."
